Subject: re: Agency Comments on Draft Closure and Reclamation Guidelines

Ryan

My work e-mail was down over the weekend so I apologize for the delay in getting this to you. The Agency comments from several reviewers (Bill, Laura, Tim and myself) are attached as tracked changes and inserted comments.

I tried to provide some rationale for each comment where possible. I think it would be fair to say that this effort combining the previous Boards and INAC's guidelines is a very good start.

Should you have any questions, I would be pleased to try to answer them. Thanks.
