Notice of a public hearing

On December 19, 2006, the WLWB ruled that the scopes and conditions of the type A licenses, MV2001L2-0008 and MV2003L2-0013, allow for water to be used for watering the Sable and Misery haul roads. This use of water for road watering is currently regulated under two type B licenses, MV2001L2-0004 and MV2002L2-0002. BHPB reviewed this ruling and has informed the Board that the company agrees to continue with the process for amalgamating the road watering activities into the type A licenses.

The next step in this process requires that the type B licenses be cancelled, which requires that the WLWB advertise for a public hearing. This public hearing will be held by way of paper submissions. **Submissions are due by March 12, 2007 at 4:00 pm and can be sent to me at the MVLWB office or by email (preferred) at sbaines@wlwb.ca.**
