**Re: Date of the ICRP Working Group Meeting on Section 4**

Dear Mr. Nevitt

The Independent Environmental Monitoring Agency is in the process of compiling our comments on section 4 of the Interim Closure and Reclamation Plan (ICRP) for the Ekati mine. The date for the Working Group meeting on this part of the ICRP has been set for May 23, 2008.

The Agency's two appointees, Tony Pearse as the representative and myself as the alternate, are both returning from an international conference in Australia on May 23, 2008. In the interest of consistency and recognizing the substantive contributions of the Agency to the ICRP review process, we would respectfully request that the date of the meeting be moved back to May 29 or May 30.

Please advise us whether this will be possible so we can plan appropriately. We look forward to your positive reply.

Sincerely,
